Hi David,

Chris Whitley from our Public Affairs office let me know that you have both the interest and time to perhaps assist this agency's work in the St Louis area as we move ahead at a Superfund site that has garnered substantial community and media interest owing to various factors.

I would like to follow up on your talk with Chris to see if we can chat next week about the agency's objectives and your possible assist. I've cc'd my assistant, who will contact you early next week (we're off Monday for Vet's Day) to try to find about 30 mins when we can talk. Sound good to you? I will likely have at least one of my Superfund staff and someone from Reg 7 OPA with me on the call.

Those of us working on the West Lake NPL site team have read some of your recent work, and been impressed with your nuanced study of perception, communication, and action. Look forward to talking.

Cheers,

Karl Brooks
